Message from your ACHE Regent Summer 2017

Dear Colleagues:

I trust that each of you are enjoying your summer and are taking advantage of the opportunity to get involved in your local chapter. Each chapter website contains robust information on its educational events and networking activities, and I would encourage you to check out your chapter's website:

- [ACHEMT](#)
- [ETHEA](#)
- [MHCE](#)

I would like to call attention to two of the upcoming events. On September 9, MHCE will be offering a cluster event that will provide 4.5 face-to-face credit hours. On October 11, all three chapters will be partnering with the Tennessee Hospital Association to offer a joint educational and networking event in conjunction with THA's annual meeting. This event will feature panel discussions, and will provide ACHE members an opportunity to earn 3 face-to-face credit hours.

Another way that our chapters in Tennessee are partnering together is to offer a virtual Board of Governors Examination prep course. Each chapter will be responsible for two of the six sessions. The first session will be held in mid-August, and detailed information will be provided to members by their local chapters. I would encourage any of you who are ready to take the next step in advancing to Fellow to consider taking the virtual prep course.

Finally, I would like to take this opportunity to introduce you to the members of the Regent Advisory Council (RAC). The members assumed their duties in June and are representative of members across our state. The RAC recently divided into three committees, and the chairs and members of each committee are listed below:

REGENT ADVISORY COUNCIL
